📄 Ilaria Trombini    📧 Ilaria Trombini    🏠 Ilaria Trombini

## Personal Details

Born in 1997 in Portomaggiore (Italy). Italian citizen.

Languages: English (fluent), Italian (mother tongue)

## Current position

Post-Doctoral researcher (October 2024–present), University of Ferrara, Italy.

## Education and degrees completed

<b>PhD</b>	<b>University of Parma</b> , Mathematical, Physical and Computer Sciences	21 March 2025
<b>MS</b>	<b>University of Ferrara</b> , Mathematics and Computer Science	27 July 2021
<b>BS</b>	<b>University of Ferrara</b> , Mathematics and Computer Science	26 July 2019

## Research interests

Stochastic gradient-like methods for machine and deep learning applications: investigation about adaptive steplength selection rules, line-search procedures, reductions variance techniques by dynamic adaptive mini-batch size.

## Previous work experience

<b>University of Ferrara</b> , Mathematics and Computer Science. Part-time Professor (8/56 hours) of Analisi Numerica I for the Bachelor's Degree in Mathematics	November 2025
<b>University of Ferrara</b> , Mathematics and Computer Science. Seminar on tensor calculus (8 hours)	September 2024
<b>University of Ferrara</b> , Mathematics and Computer Science. Seminar on tensor calculus (8 hours)	September 2023
<b>University of Ferrara</b> , Mathematics and Computer Science. Seminar on tensor calculus (8 hours)	October 2022
<b>Meeo s.r.l.</b> , Internship <ul style="list-style-type: none"><li>• Study of the development of the locust and predictions of its movement</li></ul>	Apr 2021 – May 2021
<b>University of Ferrara</b> , Mathematics and Computer Science. Tutoring of Calcolo numerico e laboratorio (27 hours)	Sep 2021 – Jan 2024
<b>University of Ferrara</b> , Civil engineering. Tutoring of Introduzione a Matlab (25 hours)	Sep 2022 – Nov 2023
<b>University of Ferrara</b> , Mathematics and Computer Science. Tutoring Progetto Lauree Scientifiche (76 hours)	Nov 2021 – Mar 2022
<b>University of Ferrara</b> , Mathematics and Computer Science. Tutoring of Analisi Numerica I (24 hours)	Oct 2019 - Jan 2025

## Personal research funding and grants

### Grants

<b>Honorable Mentions</b> for “Daniela di Serafino” International Doctoral Award - 2025	2025
-----------------------------------------------------------------------------------------	------

## PI funding

<b>5x1000 - Dipartimento di Matematica ed Informatica, Unife</b> , "Algoritmi stocastici di ottimizzazione applicati all'ambito dei problemi inversi". Amount: 1990 euros.	2025
<b>18a edizione Borse di Studio Favlaf a favore di studenti Unife figli di operai agricoli.</b> Amount: 1100 euros.	2018
<b>17a edizione Borse di Studio Favlaf a favore di studenti Unife figli di operai agricoli.</b> Amount: 1100 euros.	2017

## Participation funding

<b>INDAM - GNCS Projects 2025</b> , "Metodi avanzati di ottimizzazione stocastica per la risoluzione di problemi inversi di imaging". (PI: T. A. Bubba) (Participation)	2025
<b>Advanced MATHematical methods for Artificial Intelligence – MATH4AI, funded by the programma "Future Artificiale Intelligence, FAIR"</b> PE0000013, CUP DJ33C22002830006 – Mission 4 Component 2, Investment 1.3 (MUR Directorial Decree no. 341 of 03/15/2022) (Participation)	2024
<b>INDAM - GNCS Projects 2024</b> , "Deep Variational Learning: a combined approach for image reconstruction". (PI: A. Benfenati) (Participation)	2024
<b>INDAM - GNCS Projects 2023</b> , "Data-driven optimization methods: new theoretical and practical perspectives". (PI: G. Franchini) (Participation)	2023
<b>INDAM - GNCS Projects 2022</b> , "Adaptive optimization for machine learning". (PI: S. Rebegoldi) (Participation)	2022

## Thesis

1. I. Trombini. On the hyperparameters setting for first order stochastic optimization methods in machine learning. PhD Thesis. (2025).
2. I. Trombini. Tecniche adattive di selezione della lunghezza del passo nei metodi di gradiente stocastico. MS Thesis. (2021).
3. I. Trombini. Fattorizzazione di matrici non negative. BS Thesis. (2019).

## Experience of organising scientific meetings

---

Organizer with G. Malaspina of Minisymposium "Optimization in Action: Advances in Stochastic and Deterministic Methods" **Young Applied Mathematicians Conference YAMC2025**, Padova September 2025

Member of the Scientific Committee: **Two-days follow on Advanced Numerical Methods for Machine & Deep Learning**, Ferrara February 2025

## Referee activity for scientific journals

---

Reviewer for Mathematical Reviews.

## Group member

---

Member of UMI - Matematica per l'intelligenza artificiale e il machine learning (**AI&ML&MAT**) 2025-Present

Member of UMI - Matematica delle Immagini, della Visione e delle loro Applicazioni (**MIVA**) 2025-Present

Member of Unione Matematica Italiana (**UMI**) 2025-Present

Member of Optimization Algorithms and Software for Inverse Problems (**OASIS**) 2021-Present

Member of National Group of Scientific Computing (**GNCS**) 2021-Present

## Significant administrative responsibilities

---

Student representative in the CdS and CdD of the Department of Mathematics and Computer Science at University of Ferrara.

## Research visits to other Institutions

---

In years 2021-2025, **1 extended visit** (2 months in Spring 2023 at University of Novi Sad, Serbia).

## Co-supervision

---

Thesis co-supervision of "Il problema inverso della ricostruzione di immagini sfocate", Carra Irene (**first level degree in Mathematics**) 2023-2024

Thesis co-supervision of "Metodi numerici per il calcolo di autovalori e autovettori", Fabbri Anna (**first level degree in Mathematics**) 2022-2023

Thesis co-supervision of "Addestramento automatico mediante regressione logistica e SVM", Bignozzi Dario (**first level degree in Mathematics**) 2021-2022

## Scientific talks

---

### Conference talks

Conference "**Applied Inverse Problems (AIP 2025)**". FGV EMap, Rio de Janeiro (invited talk) Jul 2025

Conference " <b>International Conference On Continuous Optimization (ICOOPT 2025)</b> ". University of Southern California (invited talk)	Jul 2025
Workshop " <b>Mathematics for Artificial Intelligence and Machine Learning</b> ". University of Bari	Jan 2025
Conference " <b>25th International Symposium on Mathematical Programming (ISMP 2024)</b> ". Montréal (invited talk)	Jul 2024
Workshop " <b>GIMC SIMAI YOUNG 2024</b> ". University of Napoli (invited talk)	Jul 2024
Workshop " <b>Algorithms' Impact on Artificial Intelligence (AiAi)</b> ". University of Bari	Jun 2024
Conference " <b>Conference Young Applied Mathematicians (YAMC)</b> ". University of Siena	Sep 2023
Conference " <b>Conference numerical computations: theory and algorithms (NUMTA2023)</b> ". University of Calabria (invited talk)	Jun 2023
Workshop " <b>The mathematics of machine learning</b> ". University of Pisa - Centro de Giorgi (invited talk)	Jan 2023

## Poster session

Workshop " <b>Annual Meeting of EMS activity group on Scientific Machine Learning</b> ". University of Milano	Mar 2025
Workshop " <b>Optimization Techniques for Inverse Problems (OIP 2024)</b> ". University of Modena	Sep 2024

## Public outreach

---

- Representative at the Mathematics booth during "European Researchers' Night".
- Representative at the Mathematics booth during "Unife Orienta".
- Representative at the Mathematics booth during "Porte Aperte al Polo Scientifico Tecnologico".
- Teacher for the mathematics internship reserved for 4th year high school classes.
